Interventions at GEMS WSF

EAL Intervention System at GEMS Winchester School Fujairah (WSF)

At GEMS Winchester School Fujairah, we are dedicated to ensuring every student excels in English, regardless of their starting point. Our EAL (English as an Additional Language) intervention system is designed to provide targeted support for students who need extra help with English proficiency.

What We Offer:

- ◆ **Weekly Sessions:** Tailored sessions held once a week to focus on improving English skills.
- ◆ **Two Proficiency Levels:** Customized interventions for different levels of English proficiency, ensuring each student gets the specific help they need.
- ◆ **Comprehensive Language Skills:** We work on all four crucial language skills:
 -  **Reading**
 -  **Writing**
 -  **Listening**
 -  **Speaking**

Our Approach:

 **Multi-Activity Methods:** Unlike traditional lessons, our sessions use a variety of activities centered around the same topic. This multi-faceted approach reinforces learning and helps students apply their new skills in their regular classes.

 **Games:** Engaging and educational games to make learning fun and effective.

 **Technology:** Utilizing the latest technology to enhance the learning experience, making it interactive and engaging.

 **Innovative Teaching Strategies:** Creative and modern teaching techniques to keep students interested and motivated.

Why It Works:

- **Interactive Learning:** Our approach ensures that students are actively participating, making learning more effective.
- **Practical Application:** The skills learned during these sessions can be directly applied in their regular classes, boosting their overall academic performance.
- **Personalized Attention:** With different levels of proficiency addressed, each student receives the support they need to succeed.
